A CALL FOR MORE LIGHT.

Why do not some of the lawyers who wanted to censure the press for its criticisms of Judge Rugan's action throw a little light upon these remarkable and inconsistent elroum stances ?

First-Judge Room distinctly said that It was the constant practice of the Court of Appeals in other than capital cases to issue stays similar to that granted JACOB SHARP. Yet the District-Attorney and others familiar with the criminal law had never heard of such an instance. Where are the precedents of this " constant practice ?"

cond-Judge Ruons declared that such stays were not matters of record. But the law plainly directs that no such stay can take place unless a certificate is filed by the Judge. Is not a filed certificate a matter of

Let the legal luminaries' shed their light upon these contradictory circumstances, not "for the benefit of the press," but to allay the growing suspicion that there is one law for the rich and another for the poor.

WORS OF BANKERS.

The hearts of the bankers fof the National ciation now in session at Pittsburg must have been touched by the appeal of President LOGAN C. MURRAY yesterday.

Mr. MURRAY drew a pathetic picture of the deplorable condition of the banker as compared with that of the workingman. Labor. ers, says President MURRAY, received \$1 a day wages twenty-five years ago. Now they ceive an average of \$2, and with that can buy more than \$5 would purchase then.

How is it with the banker? Alas! he gets a lower rate of interest for his money now than he got in the good old times, "his living is more expensive, his wants are inexessing, the demands upon him for charities are greater, and his happiness is not augmented in a relative proportion."

Unhappy banker! But there is consola tion in knowing that at any moment he can abandon his institution and take to honest labor. Doubtless he could find many a philanthropic laborer willing to change places with him despite his relatively unaugmented

THE BAKERS' TERRIBLE REVENGE

Disgusted with the law's delay in duly punishing the policemen for the Union Square outrage, the Executive Committee of Bakers' Union No. 1 have decided to take matters in their own hands and score a terrible and unprecedented revenge. They have sternly resolved "to extend no more favors to policemen when they seek refuge in the bake shops on cold nights."

No longer will the bluecoats be able to regale themselves with the succulent midnight bun. No longer can they warm themselves before the furnaces and literally sample the doughnuts piping hot from the simmering caldron. No longer will the bakers pass them a friendly tip at the approach of the roundsmen. The entente cordiale is broken. Indeed, any baker who surreptitiously commits these hospitable acts will be fined \$25 by the union.

This mode of revenge may have its peculiar espects. But it is certainly more practical an anything the Police Commissioners have yet done. The stomach is a vulnerable spot in the anatomy of the "finest."

"THE WORLD" AS A NEMESIS.

GABORIAU never told a more thrilling tale of orime, its strategy, its mystery and its final detection than the version of the famous Bannon murder, with its remarkable dis-Mosures, outlined exclusively in yesterday's EVENTERS WORLD and presented in detail in THE WORLD this morning.

The case is one of the most extraordinary and intensely interesting in the criminal history of this country. THE WORLD'S SUCcoss in dispelling this nine-years' mystery and bringing about the arrest and extradition of two of the probable burglars and murderers is unparalleled in the record of journal.

THE EVENING WORLD starts out well, and certainly deserves all the sucess which is its due.

[From the Buffalo Commercial.] Realizing that it is the evening newspapers that print the " news of the day," the New York WORLD has resolved to print an afternoon edition. THE World's proprietors see that times have changed, and that with the telegraph, fast mails, specia wires, &c., the people expect to be informed of what is going on in the world on the day of its hap-pening. And it is through the afternoon daily papers only that the news of the day is reported.

[From the Bufalo Courier.] The New York'EVENING WORLD springs into the arens of journalism fully equipped for a strong ight for existence. A six-page paper, full of news and with an abundance of advertising, it is a mir acle of cheapness at its price of one cent. It proposes to be truthful and independent in all things and to support justice, humanity and reform. Life in New York will keep it busy in living up to its comprehensive platform. Faults that many of its triends deplore saide, THE WORLD is a great concern and capable of carrying out the most extended newspaper enterprises. That the evening venture will prove a success cannot be doubted.

FRANCES ISABEL MORRIS MARRIED TO THURLOW WEED BARNES.

The Ceremony Performed by the Rev. Dr. Palmer, of New Orleans-Bride and Greem Start for Albany in Mr. Morrie's Steam Yacht Corn - They Will Spend the Honeymoon Near Colorado Springs

John A. Morris, of New Orleans, was married at noon to-day in the West Presbyterian Church, in Forty-second street, to Mr. Thurow Weed Barnes, of Albany. Owing to the illness of the bride's grandmother the ceremony was performed in the city instead of at Mr. Morris's country place in Westchester. Mr. Barnes, accompanied by his brother William Barnes, jr., as best man, arrived at the church a little after 12. The bride ar lrived soon after with her father, who gave her away. She wore the conventional veil and white satin gown with a long train. beautifully embroidered. She bore some loose Puritan roses in her hand.

The Rev. Dr. B. M. Palmer, who came on from New Orleans for the purpose, performed the ceremony. He was assisted by Rev. Dr. Parton, pastor of the church. The ceremony was very brief.

As soon as the marriage ceremony was over Mr. and Mrs. Barnes drove to the foot of Fourteenth street and boarded Mr. Morris's steam yacht, the Cora. They will arrive in Albany, the groom's birthplace, Saturday morning, and in the evening will leave for his ranch near Colorado Springs, Col. After

FRESHMEN WITH CANES.

Columbia Sophomores Meek as Lambs Would a High Hat Rouse Them?

For the first time in the history of Columbia College every Freshman was allowed to carry a cane unmolested to-day. Heretofore such an act would have instantly invited a fierce attack by the Sophomores.

To-day the Freshmen, having previously notified the Sophomores of their intention, all presented themselves with enormou canes. The largest sticks were carried by the slimmest youths. They went boldly to the

canes. The largest stats were carried by the slimmest youths. They went boldly to the check room, and Curtiss, of '91, presented the challenging cane to be checked. Meanwhile '91 made the college ring with "'91 wants blood." No Sophomore offered to grab the cane as it was passed over the counter, and it still remains in check under the name of Curtiss to the glory of '91.

The inaction of the Sophomores is due to the resolution passed by them last week by a vote of twenty-three to twenty, not be the attacking party in any cane-rush. But how much provocation they can stand after so close a vote has not been determined. It is thought by some that a Freshman with a high hat would bring on a pitched battle.

The President commends the action of the Sophomores. The fact that Snowden was so injured in the rush last year that he subsequently died, had its influence.

There will be a large crowd of the friends o Mrs. Potter to welcome her on the arrival of the steamship on Sunday. As Miss Cora Slocomb has quietly told some of her friends that her cousing Mrs. Potter, will be present when she is married to the Count di Brazza, efforts have been made on the part of a few people not invited to secure invitations to the reception at the bride's home. Miss Slocomb will be married Tuesday morning.

A paragraph printed in this column on Monday in regard to the Tuxedo Club and the proposed in crease in the number of members has attracted widespread attention. One of the questions tha has been raised refers to the legal responsibility of the members in case of Mr. Lorillard's death. Mr. Lorillard receives all the initiation fees and annual dues. As he intends, so it is said, to increase the membership by taking in two hundred or more new members, the old members of the club want to know when this wholesale accession is to stop. By electing two hundred new members Mr. Lorillard will receive from each \$300ffor the initiation fee and \$100 for the first annual dues, making a total of \$90,000.

GRAPES ARE CHEAP THIS YEAR.

The Yield Large and the Quality of the Fruit Excellent.

The grape harvest in the Hudson River Valley is at white heat these pleasant October days. Every grape-grower in the valley is in a fever of dread lest the frost spoil his crop. Last year the harvest was late and the frost early, and as a consequence much damage was done. One Hudson River grower lost

\$8,000 worth of grapes by one night's frost. The best of Concords can be bought of The best of Concords can be bought of Ex-Senator Ed. S. Wholesale dealers are unable to estimate the size of this year's crop. The quantity of grapes sent to this city by both cars and steamboats is simply enormous.

The best and cheapest way to buy grapes is by the basket. The purchaser should not fail to tilt the basket on end to inspect the quality of the grapes. In this way there is no danger of buying green or mildewed fruit. fruit.

Donald is about to die, and the minister is praying by his bedside. At length the latter re-" How do you feel, my poor Donald. Is there anything I can do for you or reassure you about ?"

"No, thank you, Parson, I am ready. But—I should very much like to know—if in Paradise"— "Well?"
"If there will be any whiskey there?"
"But Donald, my good friend, how can you talk like that when you are in such a state?"
"Oh," replied Donald, "don't think that it is for the sake of drinking that I say that. But it would give me pleasure to see some on the table up there."

Her face was pale and her eyes were swollen with weeping. "Your husband isn't dead?" I sympathetically asked. "No, but he's very sick," was the reply. "I merely wanted o know what are the latest things in your line."
